

Adam McNeil

St. Louis, Missouri · github.com/adamMcneil · (636) 312-7281 · adamwmcneil@gmail.com

PROFILE

Software engineer with a Master of Computer Science from the University of Illinois Urbana-Champaign, a top-5 CS program. Backend and full-stack experience across Java, SQL, React, NodeJS, C#, and Svelte, with a habit of reaching for the right tool for the job — and learning it fast. Comfortable in TypeScript, React, Github, ClaudeCode, Linux, WezTerm, and Neovim.

EXPERIENCE

Conference Technologies Inc. — DevOps Engineer

St. Louis, Missouri · 2025–Present

- Built Microsoft React Web apps to integrate with Dynamics 365 environment.
- Developed processes to do ETL to and from the Dynamics 365 environment.
- Set up CI/CD pipelines in Azure Pipelines to deploy web apps and apis with Docker and Nginx.
- Tracked application performance with Grafana dashboards.

Technology: JavaScript, Git, React, Full-Stack, Azure Pipelines, CI/CD, Grafana

NISC — Software Developer Intern

Lake St. Louis, Missouri · 2023–2024

- Helped maintain a Java batch-processing workflow.
- Streamlined data retrieval from an Oracle database.
- Set up a test environment for migrating to PostgreSQL.
- Wrote PowerShell scripts to automate analyzing and modifying the codebase.

Technology: Java, PowerShell, Git, PostgreSQL, Oracle, Docker, Gradle, Windows

Oasis Digital — Software Development Intern

Chesterfield, Missouri · 2022

- Designed and built a 3D project-planning application in Unity.
- Managed and stored persistent data with Firebase.
- Competed in a company-wide game jam, building a game in a single day.

Technology: C#, Unity, Git, Firebase

PROJECTS

Lichess Engine

github.com/adamMcneil/chess-engine · 2021, 2025

- Built a chess bot for Lichess in Java.
- Used flame graphs and other performance metrics to track down and optimize slow code.
- Wrote a suite of unit and integration tests.
- Implemented the minimax algorithm with alpha-beta pruning to pick the best move.

Technology: Java, IntelliJ, Gradle, Git

Fullstack Project

github.com/adamMcneil/mcneil-web-games · 2023–2024

- Built a web API in Rust with the Rocket framework.
- Created a static front end with Svelte and Tailwind.
- Set up a CI/CD pipeline that deployed the backend to Render and the front end to GitHub Pages.

Technology: Rust, Svelte, TypeScript, HTTP, CSS, Tailwind, Render, Git

Streaming Platform

Distributed Systems Course Project · 2024

- Built a distributed group-membership service.
- Layered a distributed file system on top of it.
- Created a distributed stream-processing framework similar to Spark Streaming.
- Built it on gRPC and tested in a Docker environment.

Technology: Go, Protocol Buffers, gRPC, Docker, Spark Streaming

EDUCATION

University of Illinois Urbana-Champaign — Master of Computer Science

Urbana-Champaign, Illinois · Aug 2024–May 2025 · GPA 3.80

Missouri University of Science and Technology — B.S. Computer Science, Minor in Mathematics

Rolla, Missouri · Aug 2021–May 2024 · GPA 3.94
